

UNIVERSITY of PENNSYLVANIA
SCHOOL OF ENGINEERING AND APPLIED SCIENCE

The University of Pennsylvania seeks outstanding individuals for tenure-track or tenured faculty positions in the Department of Chemical and Biomolecular Engineering. The University seeks individuals with exceptional promise for, or proven record of, research achievement who will excel in teaching undergraduate and graduate courses. Applications welcome from emerging areas, including, e.g., protein engineering, process/systems engineering, and alternative/renewable energy with a materials emphasis. Applicants must have a Ph.D. in Engineering or equivalent. Interested persons should submit a curriculum vitae, detailed research and teaching plan, and the names of at least three references. Please apply online at <http://www.cbe.seas.upenn.edu/faculty-staff/>. *The University of Pennsylvania is an EOE. Minorities/Females/Individuals with Disabilities/Veterans encouraged to apply.*
