at Columbia University

in the City of New York

Department of Chemical Engineering Open-Rank Faculty Position

The Department of Chemical Engineering at Columbia University in New York City invites applications for tenured or tenure-track faculty positions. Appointments at the assistant professor, associate professor, and full professor will be considered. Outstanding candidates who are experts in all areas of chemical engineering will be considered, including, but not limited to, energy and the environment. Columbia Engineering has recently inaugurated the Institute for Data Sciences and Engineering, with seed funding from the City of New York, and candidates in this area are especially invited to apply.

Candidates must have a Ph.D. or its professional equivalent by the starting date of the appointment. The successful candidate should contribute to the advancement of the department by developing a vibrant, externally funded research program, the undergraduate and graduate educational mission of the department, and establish multidisciplinary collaborations across Columbia University. The department is especially interested in qualified candidates who can contribute, through their research, teaching, and/or service, to the diversity and excellence of the academic community.

Candidates should apply online at:

<https://academicjobs.columbia.edu/applicants/Central?quickFind=56892> and should submit electronically the following: curriculum vitae, including a publication list; a description of research accomplishments; a statement of research/teaching interests and plans; contact information for three people who can provide letters of recommendation; and up to three pre/reprints of scholarly work.

The position will close no sooner than November 30, 2012, and will remain open until filled. **Starting date is July 1, 2013.** Applicants can consult <http://cheme.columbia.edu> for more information about the department.

Columbia is an affirmative action/equal opportunity employer with a strong commitment to the quality of faculty life.
