

University of Massachusetts-Amherst

FACULTY POSITION IN CHEMICAL ENGINEERING

Assistant/Associate/Full Professor

The Department of Chemical Engineering at UMass-Amherst is seeking qualified candidates to fill an open-rank faculty position. Requirements include a Ph.D. in Chemical Engineering or related field, outstanding record of research accomplishments, and commitment to excellence in teaching and research. Rank and salary will be commensurate with qualifications and experience. Preferred area of research is Materials Science and Engineering with focus on Sustainable Energy Technologies. Candidates with interests in other areas of Materials Science and Engineering are also encouraged to apply. Expected starting date is September 1, 2013. Applications should be submitted online at <https://academicjobsonline.org/ajo/jobs/2500> and must include a curriculum vitae, research plan and statement of teaching interests along with three letters of reference. Applications sent through regular mail should be addressed to: Prof. Dimitrios Maroudas, Chair, Faculty Search Committee, Dept. of Chemical Engineering, University of Massachusetts, 686 N. Pleasant St., Amherst, MA 01003-9303 (*email submission is preferred*). Reviews will begin February 1, 2013. Applications will be accepted until the position is filled. The University of Massachusetts is an Affirmative Action/Equal Opportunity Employer, promotes diversity, and encourages applications from women and members of minority groups.
