

THE OHIO STATE UNIVERSITY, William G. Lowrie DEPARTMENT OF CHEMICAL & BIOMOLECULAR ENGINEERING invites applications for a tenure-track faculty position at the assistant professor level. We are seeking highly qualified candidates with a Ph.D. degree in Chemical Engineering or allied field, a record of outstanding research accomplishments, and a commitment to teaching excellence. All research areas will be considered, although special consideration will be given to applicants with energy-related research interests in catalysis, process design and analysis, sustainability, and/or reaction engineering related to energy science and technology. Collaborative research opportunities exist in the new Center for Energy, Sustainability and the Environment at OSU and with other faculty in the College of Engineering and in the College of Arts and Sciences.

Applicants should submit a letter expressing interest, a detailed curriculum vitae, names and addresses of 3-5 references, and a statement of teaching and research interests to: **Kirsten Marinko**, Communications Coordinator, William G. Lowrie Department of Chemical & Biomolecular Engineering, The Ohio State University, 140 W. 19th Avenue, OH 43210-1180. **Email:** marinko@chbmeng.ohio-state.edu; **Phone:** 614-292-7907; **Fax:** 614-292-3769. Electronic applications are encouraged to facilitate a fast-track review by the Search Committee. The search will remain open until the position is filled. The Ohio State University is an Equal opportunity/Affirmative Action Employer. Women, minorities, veterans, and individuals with disabilities are encouraged to apply. Ohio State is an NSF ADVANCE institution.
