

SCHOOL OF CHEMICAL, BIOLOGICAL AND MATERIALS ENGINEERING  
UNIVERSITY OF OKLAHOMA, NORMAN, OK

FACULTY POSITION OPENING

Assistant Professor  
(Tenure-Track)

The School of Chemical, Biological and Materials Engineering (CBME) at The University of Oklahoma invites applications for a tenure track faculty position at the assistant professor level with an expected starting date in Fall, 2016. Candidates with research expertise in all fields will be considered, but the School is particularly interested in renewable or conventional energy as well as water treatment processes (e.g. desalination, reclamation and reuse) with special interest in the water-energy nexus. Other traditional areas of strength in CBME including bioengineering, catalysis, surface science, surfactants, and materials science are also of interest. Candidates must hold an earned doctorate in chemical engineering or closely related discipline. Salary will be commensurate with experience and qualifications.

Successful candidates will be committed to excellence in both research and education, and they will function effectively in a multidisciplinary research environment. CBME offers competitive startup packages, exciting opportunities for research collaboration, and a supportive environment for new faculty.

Candidates should send a resume, description of research plans, teaching and outreach interests, and names of three references via email to: [cbme@ou.edu](mailto:cbme@ou.edu). Review of completed applications will begin on November 1, 2015 and will continue until the position is filled.

The University of Oklahoma is an equal opportunity/affirmative action employer. Women and minorities are encouraged to apply. The Department is interested in candidates that will contribute to diversity and equal opportunity in higher education through their teaching, research, and service. Protected veterans and individuals with disabilities are encouraged to apply.

The University of Oklahoma (OU) is a Carnegie-R1 comprehensive public research university known for excellence in teaching, research, and community engagement, and serving the educational, cultural, economic and health-care needs of the state, region, and nation from three campuses: Norman, Health Sciences Center in Oklahoma City and the Schusterman Center in Tulsa. OU enrolls over 30,000 students and has more than 2700 full-time faculty members in 21 colleges. In 2014, OU became the first public institution ever to rank #1 nationally in the recruitment of National Merit Scholars, with 311 new scholars. The 277-acre Research Campus in Norman was named the No.1 research campus in the nation by the Association of Research Parks in 2013. Norman is a culturally rich and vibrant town located just outside Oklahoma City, and with outstanding schools, amenities, and a low cost of living, Norman is a perennial contender on "best place to live" rankings.
