

## ***ASSISTANT / ASSOCIATE / FULL PROFESSOR OF CHEMICAL ENGINEERING***

**The Department of Chemical Engineering** at Penn State (<http://www.che.psu.edu>) invites applications for tenured or tenure-track faculty positions at the Assistant, Associate, or Full Professor level. The Department has strong research expertise in biomolecular engineering, materials, nanotechnology, and energy / alternative energy, although candidates with backgrounds in all areas of chemical engineering are encouraged. Penn State is also home to the Huck Institutes of the Life Sciences (<http://www.lsc.psu.edu/>), the Materials Research Institute (<http://www.mri.psu.edu/>), and the Penn State Institutes for Energy and the Environment (<http://www.psiee.psu.edu/>), all of which coordinate internationally recognized interdisciplinary research programs focused on developing new approaches to critical areas of science and technology.

The successful applicant is expected to develop and maintain a research program leading to national and international recognition and to teach at the undergraduate and graduate levels. Candidates must have a Ph.D. in Chemical Engineering or a related field. Applications with curriculum vita, including research and teaching interests, a statement of research plans, copies of selected publications, and names of three references, should be sent to
