

THE UNIVERSITY OF TULSA. The Russell School of Chemical Engineering is seeking to fill a term contract position with an initial appointment of three years. The position is approved at the Applied Assistant Professor level. The anticipated starting date is Fall 2020. The successful candidate must have a sincere commitment to excellence in, and must have a formal educational background that provides a foundation for, teaching traditional chemical engineering undergraduate laboratory and lecture courses. Minimum qualifications include an earned doctorate or its equivalent in chemical engineering or a closely related field and the ability to communicate effectively. The Russell School of Chemical Engineering, one of ten academic units in the College of Engineering and Natural Sciences, offers degree programs through the Ph.D., with a current enrollment of approximately 160 students. Applicants should forward a curriculum vitae, a brief statement of teaching interests, and complete contact information for three references. Applications should be sent to ChESearch@utulsa.edu or Daniel Crunkleton, Professor, Russell School of Chemical Engineering, University of Tulsa, 800 S. Tucker Dr., Tulsa, OK 74104-3189. For full consideration, applications should be received by November 1, 2019. Under represented minorities and women are especially encouraged to apply. The University of Tulsa is an Equal Opportunity Employer and is especially interested in candidates who can contribute to the diversity and excellence of the academic community through their research, teaching and/or service.
