

# UNIVERSITY *of* NEW HAMPSHIRE

## Lecturer in Chemical Engineering

The University of New Hampshire actively promotes a dynamic learning environment in which qualified individuals of differing perspectives, life experiences, and cultural backgrounds pursue academic goals with mutual respect and shared inquiry.

**Responsibilities:** The department of chemical engineering invites applications for a Lecturer position beginning in August 2012. This position will have primary responsibility for undergraduate unit operations laboratory instruction and will work closely with the department technician to develop, maintain and optimize laboratory equipment. The successful candidate will also be expected to teach the freshman "Energy and Environment" course, which is a Discovery (General Education) course.

**Qualifications:** Candidates are required to have an undergraduate degree in chemical engineering and a Ph.D. degree in chemical engineering or a Master's degree in chemical engineering along with professional or academic experience and accomplishments, and a demonstrated record of exceptional teaching. The successful candidate must have strong interpersonal and communications skills.

**How to Apply:** Please send letter of interest with curriculum vitae and a list of names and contact information for three references to Chair, Search Committee, Department of Chemical Engineering, Kingsbury Hall, University of New Hampshire, Durham, New Hampshire 03824. Applications will be reviewed until the position is filled. Electronic applications are encouraged and will be accepted at [che.dept@unh.edu](mailto:che.dept@unh.edu).

**Compensation:** Salary and benefits will be commensurate with qualifications and experience. UNH also provides an attractive benefits package.

The University of New Hampshire is a major research institution, providing comprehensive, high-quality undergraduate and graduate programs of distinction. UNH is extraordinary in that we combine the "best of both worlds." We offer students the living and learning environment of a small New England liberal arts college with the breadth, spirit of discovery, and civic commitment of a land-, sea-, and space-grant research university. The University actively creates and nurtures a dynamic learning environment in which qualified individuals of differing perspectives, life experiences and cultural backgrounds pursue goals with mutual respect and a shared spirit of inquiry. The campus is located in Durham on a 188-acre campus, 60 miles north of Boston, 8 miles from the Atlantic coast, and is convenient to New Hampshire's lakes and mountains. There is a student enrollment of 13,000 students, with a full-time faculty of over 600, offering 90 undergraduate and more than 70 graduate programs.

The University seeks excellence through diversity among its administrators, faculty, staff, and students. It prohibits discrimination on the basis of race, color, religion, sex, age, national origin, sexual orientation, gender identity or expression, disability, veteran status, or marital status. Application by members of all underrepresented groups is encouraged.
