

THE UNIVERSITY OF TULSA, TENURE-TRACK APPOINTMENT. The Department of Chemical Engineering is seeking to fill a tenure-track position at the Assistant Professor level. The desired area of research is in the energy field, including traditional, alternative, and bioenergy. The anticipated starting date is Fall 2014. The successful candidate must have a sincere commitment to excellence in teaching and research, and must have a formal educational background that provides a foundation for teaching traditional chemical engineering graduate and undergraduate courses. Minimum qualifications include an earned doctorate or its equivalent in chemical engineering or a closely related field, at least one degree from an ABET accredited engineering program, the ability to communicate effectively, and the ability to conduct a high-quality, externally funded research program. The Department, one of ten in the College of Engineering and Natural Sciences, offers degree programs through the Ph.D., with a current enrollment of approximately 170 students. The Department of Chemical Engineering has a strong reputation in energy offering excellent collaborative opportunities for the successful candidate. Applicants should forward a curriculum vitae, a one page statement of teaching interests and qualifications, a one page summary of projected research activities, and the names, addresses and phone numbers of three references. Applications should be sent to ChESearch@utulsa.edu or Geoffrey L. Price, Chairman, Department of Chemical Engineering, University of Tulsa, 800 S. Tucker Dr., Tulsa, OK 74104-3189. Screening of candidates will begin October 1, 2013 and will continue until the appointment is made. Under represented minorities and women are especially encouraged to apply. The University of Tulsa is an Equal Employment Opportunity/Affirmative Action employer.
