

Massachusetts Institute of Technology

Department of Chemical Engineering

Faculty Position

The MIT Department of Chemical Engineering (<http://web.mit.edu/cheme/>) invites applicants to apply for a tenure-track faculty position to begin July 2011 or thereafter. Appointment would be at the assistant or untenured associate professor level. In special cases, a senior faculty appointment may be possible. Applicants should hold a Ph.D. in chemical engineering or a related field by the beginning of the appointment period. The Department is particularly interested in candidates with interests in molecular computation, catalysis, energy, and systems. The candidate should have demonstrated excellence in original research. Faculty duties include teaching at the graduate and undergraduate levels. Interested candidates should submit application materials electronically at <https://chemefacsrch.mit.edu>. Each application should include: a curriculum vitae; the names and addresses of three or more references; a strategic statement of research interests; and a statement of teaching interests. Each candidate must arrange for reference letters to be uploaded at <https://chemefacsrch.mit.edu/letters/>. Questions should be addressed to ChemE-Search-Master@chemefacsrch.mit.edu. Responses received by December 1, 2010 will be given priority.

With MIT's strong commitment to diversity in engineering education, research and practice we especially encourage minorities and women to apply.

MIT is an Equal Opportunity/Affirmative Action employer
