

**UNIVERSITY OF VIRGINIA
SCHOOL OF ENGINEERING AND APPLIED SCIENCE
DEPARTMENT OF CHEMICAL ENGINEERING**

The Department of Chemical Engineering at the University of Virginia invites applicants for a tenured or tenure-track position at the rank of assistant, associate or full professor with the rank being commensurate with experience level.

Candidates will have a Ph.D. in Chemical Engineering or a related field, a record of excellence in scientific research, and a commitment to teaching at the undergraduate and graduate levels. Research is preferred that complements current departmental activities in biotechnology & biomolecular engineering, energy & the environment, materials engineering & nanotechnology, and simulation of complex systems.

Applicants must apply on-line at: <https://jobs.virginia.edu> and search by **Posting Number 0621379**. Please include a cover letter, curriculum vitae, statement of research interests, statement of teaching philosophy, and contact information for three references - name, email, and phone. The search will remain open until the position is filled.

For additional information, contact: Professor Robert Davis at rjd4f@virginia.edu or 434-924-6284.

The University of Virginia is an equal opportunity/affirmative action employer committed to developing diversity in faculty and welcomes applications from women, minorities, veterans and persons with disabilities.
