

## **Multiple Open Rank Faculty Positions in Chemical and Biomolecular Engineering University of California, Los Angeles**

Building upon its commitment to foster an inclusive environment and promote the success of underrepresented students, the Department of Chemical and Biomolecular Engineering at the UCLA Henry Samueli School of Engineering and Applied Science invites applications for multiple open rank tenure-track faculty positions.

Applicants for the positions must have a demonstrated record of excellence in, or show exceptional promise for, high-quality research, teaching, and professional development. In addition, applicants must have a demonstrated record of interest in, and commitment to, the mentorship of students from underrepresented and underserved populations. The successful candidate will be expected to advance their active mentoring activities and participate in programs that provide research and professional development opportunities for our diverse student body (such as our Center for Excellence in Engineering and Diversity, our Women in Engineering program, and our student organizations listed at <https://samueli.ucla.edu/equity-diversity-and-inclusion/>). Teaching and service expectations will not exceed those of other faculty positions. Applications will be considered at all levels.

The Department of Chemical and Biomolecular Engineering at the UCLA Henry Samueli School of Engineering and Applied Sciences is conducting a search for exceptional faculty candidates in disciplines related to chemical engineering, with applications to chemical engineering.

Candidates whose technical interests complement and augment the Department's existing strengths and are well positioned to develop collaborations as part of multidisciplinary research teams are of particular interest. Applications will be considered at all levels. Our hiring priority is focused on the frontiers of Chemical and Biomolecular Engineering research, where a candidate's impact, originality, and promise for developing and maintaining a strong, extramurally supported research program has been demonstrated. We are interested in outstanding candidates who are committed to excellence in teaching and scholarship and to a diverse campus climate.

These positions require a Ph.D. or equivalent in chemical engineering or a closely related discipline at date of hire.

Application packages should be submitted online through <https://recruit.apo.ucla.edu/apply/JPF07776> and include the following documents: 1) curriculum vitae, 2) statement of contributions to equity, diversity, and inclusion with particular attention to mentoring achievements and future mentoring goals, 3) statement of research interest, 4) statement of teaching interest, and 5) a cover letter. Review of applications will begin on November 1, 2022 and continue until the positions are filled. Inquiries about the position and nominations of potential candidates should be directed to Panagiotis Christofides at [pdcc@seas.ucla.edu](mailto:pdcc@seas.ucla.edu).

Los Angeles is a global city renowned for its dynamism, robust economy, rich cultural diversity and spectacular climate. UCLA has been ranked the No. 1 public university in the nation by U.S. News & World Report for five straight years. UCLA Samueli is a tightly-knit community with more than 6,500 undergraduate and graduate students, nearly 200 full-time faculty members, and is in the midst of its largest growth since the school was founded in 1945. The school is consistently ranked in the top 10 among U.S. public engineering schools and its master's online program is ranked No. 2 overall by U.S. News & World Report. UCLA Samueli is known as the birthplace of the internet, and where countless other fields took some of their first steps – from artificial intelligence to reverse osmosis, from mobile communications to human prosthetics. UCLA Samueli is deeply committed to diversifying the ranks of its faculty, staff and students, and to providing an equitable and inclusive environment for all its members.

The University of California is an Equal Opportunity/Affirmative Action Employer advancing inclusive excellence. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, protected veteran status, or other protected categories covered by the [University of California Nondiscrimination & Affirmative Action Policy](#).

This [General Data Protection Regulation \(GDPR\) Statement for Persons in the European Economic Area](#) is designed to provide information regarding the types of personal information that the University of California's Human Resources departments and offices collect.

Please be advised that the final candidate recommended for hire into a critical (or otherwise designated) position will be required to successfully complete a background investigation. Any convictions will be evaluated to determine if they directly relate to the responsibilities and requirements of the position. Having a conviction history will not automatically disqualify an applicant from being considered for employment.

UCLA is a tobacco-free environment. For more information, please view the policy at [Tobacco-Free Campus Policy](#)

## **Application Requirements**

### Document requirements

- Cover Letter
- Curriculum Vitae - Your most recently updated C.V.
- Statement of Research
- Statement of Teaching
- Statement on Contributions to Equity, Diversity, and Inclusion - An EDI Statement describes a faculty candidate's past, present, and future (planned) contributions to equity, diversity, and inclusion. To learn more about UCLA guidelines on contributions to equity, diversity, and inclusion, please review our [Sample Guidance for Candidates](#) and related [EDI Statement FAQ](#) document.
- Misc / Additional (Optional)

### Reference requirements

- 3-5 required (contact information only)
