

CHEMICAL ENGINEERING
UC SANTA BARBARA

Chemical Engineering **Faculty Search**

2023-24

The Chemical Engineering Department in the College of Engineering at the University of California, Santa Barbara is seeking applications as part of an external faculty search with a start date of July 1, 2024 or later.

The highest priority will be given to candidates with expertise in the field of process systems engineering, broadly defined. However, truly exceptional candidates working in other topical areas of chemical engineering are also encouraged to apply.

At a minimum, applicants must have completed all requirements for a PhD (or equivalent) except the dissertation (or equivalent) in Chemical Engineering or a closely related field.

Open-level tenure-track Assistant Professor, Associate Professor, or Full Professor Position

Submit application materials via UC Recruit at:

<https://recruit.ap.ucsb.edu/JPF02618>

The University is especially interested in candidates who can contribute to the diversity and excellence of the academic community through research, teaching and service as appropriate to the position.

The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.
