

Title: *Assistant/Associate/Full Professor - Chemical Engineering Department*

Category: Faculty

Location: Chicago

Listed: Sept. 6, 2011

Close Date: Oct 31, 2011

Description:

The Department of Chemical Engineering ( <http://www.che.uic.edu/> ) at the University of Illinois at Chicago is seeking to add one or more faculty positions at the Assistant/Associate/Full Professor levels with a target start date of August 16, 2012. The review of applications will begin on October 31, 2011 and qualified candidates should submit by that date to receive full consideration, although applications will be accepted until the positions are filled. Applicants should submit a cover letter, curriculum vitae, contact details for at least three references, and a research and teaching statement as a single document file at:

<https://jobs.uic.edu/default.cfm?page=job&jobID=12541&returnPage=searchResults>

The University of Illinois is an affirmative action/equal opportunity employer. Women and Minorities are strongly encouraged to apply

Duties: Professors of all ranks in the Department of Chemical Engineering at the University of Illinois at Chicago are expected to teach undergraduate and graduate classes; conduct research that has the potential to result in publication; obtain external funds to conduct research; advise students at the graduate level; and provide services as appropriate to the department, the university, and the profession.

Qualifications: Qualified candidates must hold a PhD degree or equivalent in Chemical Engineering or a closely related field. Candidates with expertise in any relevant research area in Chemical Engineering will be considered.
